COURSE ANNOUNCEMENT

Classes: [Section 1] MWF 10:00 – 10:50 am, at AB 213.  
[Section 2] MWF 11:00 – 11:50 am, at AB 206.  
[Section 5] MWF 12:00 – 12:50 pm, at AB 202.

See COURSE SCHEDULE for more details.

Calculator: Required (a graphing calculator: something like a TI-83, TI-86 will do,  
but not allowed to use “too strong” ones like a TI-89).

Final exam: The date and time has been determined by the University, during  
the finals week: Dec 16 (Sections 1&5); Dec 19 (Section 2).

Midterm exams: We will also have three midterm exams, in class.  
The dates are: Oct 3 (Mon), Nov 4 (Fri), Dec 5 (Mon).

Homework: There will be weekly homework assignments (problems from the  
textbook), usually due on Mondays. Only a few selected problems  
will be graded from each set, but it is important that you do a  
diligent job of handing in the assignments. The exam and quiz  
problems will resemble the homework problems from the textbook.

Quiz/ WebCT: Participation in WebCT (http://webct.unr.edu) is required.  
Weekly quiz will be conducted through WebCT (usually on Fridays),  
as well as some additional information/assignments will be given.  
To log-on and use WebCT, you first need to activate your NetID.

Grading: Total (700) = HW/Q (200) + Mid (3 × 100) + Final (200).

Attendance/ Behavior: Students are expected to attend classes and engage themselves.  
Of course, it will matter to your overall grade. When you are  
in class, please be courteous to others (e.g. turn off your cell phones).  
Academic dishonesty (cheating) is wrong. Any student caught  
cheating or attempting to cheat will be reported.

Make-up Policy: In principle, there will be no make-up exams, especially for the  
final exam. However, for some valid reason, if you have to miss  
an exam, please contact me for a special arrangement.

Difficulties: If you have any personal difficulties (learning disabilities, illness,  
or any emergency), let me know and we will try to make appropriate  
arrangements.
