COURSE ANNOUNCEMENT

Classes: (Section 5): MWF 10:00 – 10:50 am, at AB 202.  
(Section 10): MWF 12:00 – 12:50 pm, at AB 209.

We will cover Appx. E and topics from Chapters 5, 6, 9, 2, 3, 4.  
See COURSE SCHEDULE for more details.

Calculator: Not required, but allowed (and encouraged) to use in class and exams.

Final exam: The date and time has been determined by the University,  
during the finals week: It is on May 6 (Fri).

Midterm exams: We will also have three midterm exams, in class.  
The dates are Feb 16 (Wed), Mar 16 (Wed), Apr 20 (Wed).

Homework: There will be weekly homework assignments (problems from the textbook), usually due on Mondays. Only a few selected problems will be graded from each set, but it is important that you do a diligent job of handing in the assignments. The exam and quiz problems will resemble the homework problems from the textbook.

Quiz: Weekly quiz will be conducted through WebCT (see below), usually on Fridays.

Grading: Total (700) = HW (100) + Q (100) + Mid (3 × 100) + Final (200).

WebCT: Participation in WebCT (http://webct.unr.edu) is required.  
Weekly quiz (see above), as well as some additional information or assignments will be given through WebCT. To log-on and use WebCT, you first need to activate your NetID account (if you do not have one already).

Make-up Policy: In principle, there will be no make-up exams, especially for the final exam. However, for some valid reason, if you have to miss an exam, you can contact me for a special arrangement.

Difficulties: If you have any personal difficulties (learning disabilities, illness or any emergency), let me know and we will try to make appropriate arrangements.
