MATH 181  
Fall 2004  

Instructor: Byung-Jay Kahng  
Office: AB 625  
OH: Tue 10:00–11:30, Wed 1:00–2:30,  
Thur 10:00–11:30, or by appointment  
E-mail: bjkahng@unr.edu

COURSE ANNOUNCEMENT

We will cover topics from Chapters 1 through 5 (up till §5.4).  
See CLASS SCHEDULE (back page) for more details.

Calculator: Required (Something like TI-83 will work.). Will not be emphasized  
heavily, but will be encouraged to use in class and in exams.

Final exam: The date and time has been determined by the University,  
during the finals week. See back page (Sec10: 12/15; Sec16: 12/14).

Midterm exams: We will also have three midterm exams.  
The dates are Sep 28 (Tue), Oct 25 (Mon), Nov 23 (Tue).

Homework: There will be bi-weekly homework assignments (problems from the  
textbook), usually due on Mondays and Wednesdays. Only a few  
selected problems will be graded from each set, but it is important  
that you do a diligent job of handing in the assignments.

Quiz/  
Worksheets: On most Thursdays (but not always), there will be either a short  
quiz (given in class) or a worksheet (take-home). They will be  
similar to homework problems.

Grading: Total (700) = HW (100) + Q/WS (75) + Mid (3 × 100) + Final (225).

Make-up Policy: In principle, there will be no make-up exams, especially for the  
final exam. However, for some valid reason, if you have to miss  
one of the midterm exams, you may contact me for a special  
arrangement.

Difficulties: If you have any personal difficulties (learning disabilities,  
illness or any emergency), let me know and we will try to  
make appropriate arrangements.
